

First Amendment to Services Agreement

15 September 2026 · Regional operations reporting rollout

Northbank Digital Services LLC (Provider) and Westhaven Logistics Co. (Client) enter into this First Amendment to their Services Agreement effective 1 September 2026 (Agreement). Unless defined here, capitalized terms have the meanings given in the Agreement.

1. Successor data access

Section 7 of the Agreement permits certain assignments to a successor with notice. Before a successor in a change of control receives Client data, Provider will obtain Client's separate prior written consent to that access. Notice of assignment is not, by itself, consent to data access.

2. Transition plan

Provider will supply a written transition plan naming the proposed successor, the systems affected, and the expected date of access. The parties will record any consent and conditions in writing before access begins. Provider remains responsible for its obligations under the Agreement until any permitted assignment takes effect.

3. Other terms

Except as expressly changed above, the Agreement remains in effect. If this Amendment conflicts with the Agreement on successor access to Client data, this Amendment controls for that issue only.
